

Welcome to your specialty pharmacy.

OptumRx offers specialty medication support through Optum® Specialty Pharmacy. Optum Specialty Pharmacy provides the resources and personalized support to help you with your condition. We also offer in-home medication infusion support through Optum® Infusion Pharmacy.

What is a specialty medication?

An injectable, infused, oral or inhaled medication is defined as a specialty medication if it:

- May require ongoing clinical oversight and extra education
- Has unique storage or shipping needs
- May not be available at retail pharmacies
- May require infusion or home nursing

What services does the specialty pharmacy provide?

We support you with a team of pharmacists and nurses who specialize in your condition — at no extra cost to you. You also have:

- Access to your medications at your plan's lowest cost
- 24/7 access to pharmacists
- Clinical and adherence programs
- Medication supplies at no extra cost
- Refill reminders
- Timely delivery in confidential packaging

What are infusion services?

Infusion therapy means your medication is administered right into your veins. Our infusion services team helps give your medication, watches over your treatment and offers insurance support. Services include:

- Trained nurses who help make sure your medication is administered safely
- Home services to help avoid costly hospital stays
- A team to help schedule and order medication and supplies you may need
