Preface

The medical benefits plan described in this *Booklet* is a benefit plan of the Employer. These benefits are not insured with **Aetna** or any of its affiliates, but will be paid from the Employer's funds. **Aetna** and its HMO affiliates will provide certain administrative services under the **Aetna** medical benefits plan.

Aetna agrees with the Employer to provide administrative services in accordance with the conditions, rights, and privileges as set forth in this *Booklet*. The Employer selects the products and benefit levels under the **Aetna** medical benefits plan.

The *Booklet* describes your rights and obligations, what the **Aetna** medical benefits plan covers, and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this *Booklet*. Your *Booklet* includes the *Schedule of Benefits* and any amendments.

This *Booklet* replaces and supercedes all **Aetna Booklets** describing coverage for the medical benefits plan described in this *Booklet* that you may previously have received.

Coverage for You and Your Dependents

Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only **non-occupational injuries** and **non-occupational illnesses** are covered.

Refer to the *What the Plan Covers* section of the *Booklet* for more information about your coverage.

Treatment Outcomes of Covered Services

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of **Aetna** or its affiliates.

When Your Coverage Begins

Who Is Eligible

How and When to Enroll

When Your Coverage Begins

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Is Eligible

Employees

To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class,” as defined below; and
- You will need to meet the “eligibility date criteria” described below.

Determining if You Are in an Eligible Class

You are in an eligible class if:

- 1. A Regular Employee who works at least 20 hours per week for at least 6 months.
- 2. A Member of the Faculty or Academic Staff of the Endowed Colleges who is employed at least one full semester at a time; or
- 3. A Postdoctoral Fellow or visiting fellow without salary in a Statutory Division of Cornell

Determining When You Become Eligible

You become eligible for the plan on your eligibility date, which is determined as follows.

On the Effective Date of the Plan

If you are in an eligible class on the effective date of this plan, your coverage eligibility date is the effective date of the plan.

After the Effective Date of the Plan

If you are hired after the effective date of this plan, your coverage eligibility date is the date you are hired.

If you enter an eligible class after the effective date of this plan, your coverage eligibility date is the date you enter the eligible class.

Obtaining Coverage for Dependents

Your dependents can be covered under this Plan. You may enroll the following dependents:

- Your legal spouse.
- Your dependent children.
- Your domestic partner who meets the rules set by your employer.
- Dependent children of your domestic partner.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under this Plan. This determination will be conclusive and binding upon all persons for the purposes of this Plan.

Coverage for a Domestic Partner

To be eligible for coverage, you and your domestic partner will need to complete and sign a Declaration of Domestic Partnership. If you have completed and signed a statement of Domestic Partnership and the statement is acceptable to your employer, you may cover as your dependent the person who is the domestic partner named in your statement.

Imputed Income Assessed on Domestic Partners

The value of the health benefits your partner receives is viewed as taxable income based on the Internal Revenue Code. Domestic partners do not meet the IRS's definition of a dependent. When an employer provides a benefit to someone other than a dependent (as defined by the Internal Revenue Code), the value of the benefit provided must be calculated into the gross income of the employee for tax purposes. Faculty and staff who cover a partner should be aware that this may increase their federal and state taxes.

The imputed income is the total amount Cornell University contributes toward coverage less the amount Cornell contributes for employee-only coverage. The value is added into your gross income per pay period. The tax implications vary by individual and you may need to seek the advice of your tax advisor.

If you are enrolled in a coverage level other than employee-only, and are adding your partner to your coverage, your imputed income is calculated on the value of Cornell University's contribution for employee-only coverage.

The cost of coverage for your domestic partner must be paid on an after-tax basis and will be deducted from your paycheck. The cost of coverage is the amount you pay versus the amount the University contributes towards the cost of the level of coverage you have (Imputed Income is calculated on the University portion).

Same-Sex Spouses Married in NY State or Other Jurisdictions or Countries

The Marriage Equality Act became effective on July 24, 2011. The Act amends the Domestic Relations Law to provide that a marriage that is otherwise valid shall be valid in New York regardless of whether the parties to the marriage are of the same- or opposite sex. Spouses of the same-sex who are married in New York State as well as the following jurisdictions: California, Connecticut, Delaware, Hawaii, Illinois, Iowa, Maine, Maryland, Massachusetts, Minnesota, New Hampshire, New Jersey, New Mexico, Oregon, Pennsylvania, Rhode Island, Vermont and Washington, DC. and countries: The Netherlands, Belgium, Spain, Canada, South Africa, Norway, Sweden, Portugal, Iceland and Argentina, need only to provide a valid and current marriage certificate in order to enroll their spouse for health and dental benefits.

Important Note

Although same-sex spouses are recognized by the jurisdictions listed above, they are not considered to be qualified as dependents under the federal internal Revenue Code Section 152. Thus, health plan premiums for same-sex spouses may not be taken on a pre-federal income tax basis. In addition, the value of the benefits provided to non-federally qualified dependents becomes imputed income for the enrollee and Federal income tax must be paid on that value. Due to the Marriage Equality Act in NY State, spouses of the same-sex will no longer be subject to imputed income for New York State income tax purposes.

There are two tax effects that occur in this situation. First, the employee portion of the total premium is split between allowable pre-tax dollars for recognized dependents and after tax dollars for spouses/partners/children who do not qualify for dependency status under the federal tax law. Secondly, the value of the employer premium that represents support for non-tax qualified dependents on the federal level must be added to the income of the faculty or staff member and the proper withholding will accompany this designation.

These tax effects do not apply if you can claim your same-sex spouse as a tax dependent. You will need to complete the "Endowed health & Dental Plan Dependent Affidavit" with your enrollment form. We strongly encourage you to consult your tax advisor to review your individual situation.

Coverage for Dependent Children

To be eligible for coverage, a dependent child must be under 26 years of age. Coverage will end on December 31st of the year in which the dependent child turns age 26.

An eligible dependent child includes:

- Your biological children;
- Your stepchildren;
- Your legally adopted children;
- Any children placed with you for adoption;
- Any children for whom you are responsible under court order;
- Your grandchildren in your court-ordered custody; and
- Any other child with whom you have a parent-child relationship.

Coverage for a handicapped child may be continued past the age limits shown above. See *Handicapped Dependent Children* for more information.

Important Reminder

Keep in mind that you cannot receive coverage under this Plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.

How and When to Enroll

Initial Enrollment in the Plan

You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in a manner determined by **Aetna** and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

You will need to enroll within 60 days of your eligibility date. Otherwise, you may be considered a Late Enrollee. If you miss the enrollment period, you will not be able to participate in the plan until the next annual enrollment period, unless you qualify under a Special Enrollment Period, as described below.

If you do not enroll for coverage when you first become eligible, but wish to do so later, your employer will provide you with information on when and how you can enroll.

Section 125, the Internal Revenue Code and related regulations which govern certain aspects of the plan's operation prohibit employees from making a change in coverage during the year unless they experience a Qualified Change in Family Status or a Special Termination Event. Those circumstances are described in the Special Enrollment Periods section of this Summary of Coverage. Of course, you can always change your coverage election during the annual enrollment period each November. Changes made during the annual enrollment period are effective January 1 of the following year. Our plan is administered in this manner to comply with IRS regulations.

Late Enrollment

If you do not enroll during the Initial Enrollment Period, or a subsequent annual enrollment period, you and your eligible dependents may be considered **Late Enrollees** and coverage may be deferred until the next annual enrollment period. If, at the time of your initial enrollment, you elect coverage for yourself only and later request coverage for your eligible dependents, they may be considered **Late Enrollees**.

You must return your completed enrollment form before the end of the next annual enrollment period as described below.

However, you and your eligible dependents may not be considered **Late Enrollees** if you qualify for one of the circumstances described in the “Special Enrollment Periods” section below.

Annual Enrollment

During the annual enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this annual enrollment period will become effective January 1.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next annual enrollment period, unless you qualify under one of the Special Enrollment Periods, as described below.

Special Enrollment Periods

You will not be considered a **Late Enrollee** if you qualify under a Special Enrollment Period as defined below. If one of these situations applies, you may enroll before the next annual enrollment period.

Loss of Other Health Care Coverage

You or your dependents may qualify for a Special Enrollment Period if:

- You did not enroll yourself or your dependent when you first became eligible or during any subsequent annual enrollments because, at that time:
 - You or your dependents were covered under other **creditable coverage**; and
 - You refused coverage and stated, in writing, at the time you refused coverage that the reason was that you or your dependents had other **creditable coverage**; and
- You or your dependents are no longer eligible for other **creditable coverage** because of one of the following:
 - The end of your or your dependent’s employment;
 - A reduction in your hours of employment (for example, moving from a full-time to part-time position);
 - The ending of the other plan’s coverage;
 - Death;
 - Divorce or legal separation;
 - Employer contributions toward that coverage have ended;
 - COBRA coverage ends;
 - The employer’s decision to stop offering the group health plan to the eligible class to which you belong;
 - Cessation of a dependent’s status as an eligible dependent as such is defined under this Plan;
 - With respect to coverage under Medicaid or an S-CHIP Plan, you or your dependents no longer qualify for such coverage; or
 - You or your dependents have reached the lifetime maximum of another Plan for all benefits under that Plan.
- You or your dependents become eligible for premium assistance, with respect to coverage under the group health plan, under Medicaid or an S-CHIP Plan.

You will need to enroll yourself or a dependent for coverage within:

- 60 days of when other **creditable coverage** ends;
- within 60 days of when coverage under Medicaid or an S-CHIP Plan ends; or
- within 60 days of the date you or your dependents become eligible for Medicaid or S-CHIP premium assistance.

Evidence of termination of **creditable coverage** must be provided to your employer or the party it designates. If you do not enroll during this time, you will need to wait until the next annual enrollment period.

New Dependents

You and your dependents may qualify for a Special Enrollment Period if:

- You did not enroll when you were first eligible for coverage; and
- You later acquire a dependent, as defined under the plan, through marriage, birth, adoption, or placement for adoption; and
- You elect coverage for yourself and your dependent within 60 days of acquiring the dependent.

Your spouse or child who meets the definition of a dependent under the plan may qualify for a Special Enrollment Period if:

- You did not enroll them when they were first eligible; and
- You later elect coverage for them within 60 days of a court order requiring you to provide coverage.

You will need to report any new dependents by completing an enrollment form, which is available from your employer. The form must be completed and returned to your employer within 60 days of the change. If you do not return the form within 60 days of the change, you will need to make the changes during the next annual enrollment period.

If You Adopt a Child

Your plan will cover a child who is placed for adoption. This means you have taken on the legal obligation for total or partial support of a child whom you plan to adopt.

Your plan will provide coverage for a child who is placed with you for adoption if:

- The child meets the plan's definition of an eligible dependent on the date he or she is placed for adoption; and
- You request coverage for the child in writing within 60 days of the placement;
- Proof of placement will need to be presented to your employer prior to the dependent enrollment;
- Any coverage limitations for a preexisting condition will not apply to a child placed with you for adoption provided that the placement occurs on or after the effective date of your coverage.

When You Receive a Qualified Child Support Order

A Qualified Medical Child Support Order (QMCSO) is a court order requiring a parent to provide health care coverage to one or more children. Your plan will provide coverage for a child who is covered under a QMCSO, if:

- The child meets the plan's definition of an eligible dependent; and
- You request coverage for the child in writing within 60 days of the court order.

Coverage for the dependent will become effective on the date of the court order. Any coverage limitations for a preexisting condition will not apply, as long as you submit a written request for coverage within the 60-day period.

If you do not request coverage for the child within the 60-day period, you will need to wait until the next annual enrollment period.

Under a QMCSO, if you are the non-custodial parent, the custodial parent may file claims for benefits. Benefits for such claims will be paid to the custodial parent.

When Your Coverage Begins

Your Effective Date of Coverage

If you have met all the eligibility requirements, your coverage takes effect on your eligibility date.

If your completed enrollment information is not received within 60 days of your eligibility date, the rules under the *Special or Late Enrollment Periods* section will apply.

Important Notice:

You must pay the required contribution in full retroactive to your eligibility date or coverage will not be effective.

Your Dependent's Effective Date of Coverage

Your dependent's coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan.

Note: New dependents need to be reported to Cornell Benefit Services within 60 days because they may affect your contributions. If you do not report a new dependent within 60 days of his or her eligibility date, the rules under the *Special or Late Enrollment Periods* section will apply.

How Your Medical Plan Works

Common Terms

Accessing Providers

Precertification

It is important that you have the information and useful resources to help you get the most out of your **Aetna** medical plan. This Booklet explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What expenses for services and supplies are covered and what limits may apply;
- What expenses for services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage, and general administration of the plan.

Important Notes

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet as **covered expenses** that are **medically necessary**.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.
- Store this Booklet in a safe place for future reference.

Common Terms

Many terms throughout this Booklet are defined in the *Glossary* section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About Your Aetna Choice POS II Medical Plan

This Aetna Choice POS II medical plan provides coverage for a wide range of medical expenses for the treatment of **illness** or **injury**. It does not provide benefits for all medical care. The plan also provides coverage for certain preventive and wellness benefits. With your Aetna Choice POS II plan, you can directly access any **network** or **out-of-network physician, hospital** or other health care provider for covered services and supplies under the plan. The plan pays benefits differently when services and supplies are obtained through **network providers** or **out-of-network providers** under this plan.

Important Note

Network providers have contracted with **Aetna**, an affiliate or third party vendor to provide health care services and supplies to **Aetna** plan members. **Network providers** are generally identified in the on-line version of the **directory** via DocFind at www.aetna.com/docfind/custom/cornell unless otherwise noted in this section. **Out-of-network providers** are not listed in the **Aetna directory**.

The plan will pay for **covered expenses** up to the maximum benefits shown in this Booklet.

Coverage is subject to all the terms, policies and procedures outlined in this Booklet. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to the *What the Plan Covers*, *Exclusions*, *Limitations* sections and *Schedule of Benefits* to determine if medical services are covered, excluded or limited.

This Aetna Choice POS II plan provides access to covered benefits through a broad network of health care providers and facilities. This Aetna Choice POS II plan is designed to lower your out-of-pocket costs when you use **network providers** for **covered expenses**. Your **deductibles**, **copayments**, and **payment percentage** will generally be lower when you use **network providers** and facilities.

You also have the choice to access licensed **providers**, **hospitals** and facilities outside the network for covered services and supplies. Your out-of-pocket costs will generally be higher when you use **out-of-network** providers because the **deductibles**, **copayments**, and **payment percentage** that you are required to pay are usually higher when you utilize **out-of-network providers**. **Out-of-network providers** have not agreed to accept the **negotiated charge** and may balance bill you for charges over the amount **Aetna** pays under the plan.

Some services and supplies may only be covered through **network providers**. Refer to the *Covered Benefit* sections and your *Schedule of Benefits* to determine if any services are limited to network coverage only.

Your out-of-pocket costs may vary between network and out-of-network benefits. Read your *Schedule of Benefits* carefully to understand the cost sharing charges applicable to you.

Availability of Providers

Aetna cannot guarantee the availability or continued participation of a particular provider. Either **Aetna** or any **network provider** may terminate the **provider** contract or limit the number of patients accepted in a practice. If the **physician** initially selected cannot accept additional patients, you will be notified and given an opportunity to make another selection.

Ongoing Reviews

Aetna conducts ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are **covered expenses** under this Booklet. If **Aetna** determines that the recommended services or supplies are not **covered expenses**, you will be notified. You may appeal such determinations by contacting **Aetna** to seek a review of the determination. Please refer to the *Reporting of Claims* and the *Claims and Appeals* sections of this Booklet.

To better understand the choices that you have with your Aetna Choice POS II plan, please carefully review the following information.

How Your Aetna Choice POS II Medical Plan Works

The Primary Care Physician:

To access network benefits, you are encouraged, but not required, to select a **Primary Care Physician (PCP)** from **Aetna's** network of providers at the time of enrollment. Each covered family member may select his or her own **PCP**. If your covered dependent is a minor, or otherwise incapable of selecting a **PCP**, you should select a **PCP** on their behalf.

You may search online for the most current list of participating providers in your area by using DocFind, **Aetna's** online provider directory at www.aetna.com/docfind/custom/cornell. You can choose a **PCP** based on geographic location, group practice, medical specialty, language spoken, or **hospital** affiliation. DocFind is updated several times a week. You may also request a printed copy of the provider directory through your employer or by contacting Member Services through e-mail or by calling the toll free number on your ID card.

A **PCP** may be a general practitioner, family **physician**, internist, or pediatrician. Your **PCP** provides routine preventive care and will treat you for **illness** or **injury**.

A **PCP** coordinates your medical care, as appropriate either by providing treatment or may direct you to other **network providers** for other covered services and supplies. The **PCP** can also order lab tests and x-rays, prescribe medicines or therapies, and arrange **hospitalization**.

Changing Your PCP

You may change your **PCP** at any time on **Aetna's** website, www.aetna.com/docfind/custom/cornell or by calling the Member Services toll-free number on your identification card. The change will become effective upon **Aetna's** receipt and approval of the request.

Specialists and Other Network Providers

You may directly access **specialists** and other health care professionals in the network for covered services and supplies under this Booklet. Refer to the **Aetna provider directory** to locate network **specialists, providers** and **hospitals** in your area. You can also call the Weill Cornell Referral Center at 646-962-2000 to confirm the Weill Physician's participation in this plan. Refer to the *Schedule of Benefits* section for benefit limitations and out-of-pocket costs applicable to your plan.

Important Note

ID Card: You will receive an ID card. It identifies you as a member when you receive services from health care **providers**. If you have not received your ID card or if your card is lost or stolen, notify **Aetna** immediately and a new card will be issued.

Accessing Network Providers and Benefits

- Although not required to, you may select a **PCP** or other direct access **network provider** from the **network provider directory** or by logging on to **Aetna's** website at www.aetna.com. You can search **Aetna's** online **directory**, DocFind at www.aetna.com/docfind/custom/cornell, for names and locations of **physicians, hospitals** and **other health care** providers and facilities. You can change your **PCP** at anytime.
- If a service or supply you need is covered under this Plan but not available from a **network provider** in your area, your **PCP** may refer you to an **out-of-network provider**. As long as your **PCP** has provided you with a **referral** that has been approved by **Aetna**, you will receive the network benefit level as shown in your *Schedule of Benefits*.
- If a service or supply you need is covered under this Plan but not available from a **network provider in your area**, please contact Member Services by email or at the toll-free number on your ID card for assistance.
- Certain health care services such as **hospitalization, outpatient surgery** and certain other outpatient services, require **precertification** with **Aetna** to verify coverage for these services. You do not need to **precertify** services provided by a **network provider**. **Network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there are no additional out-of-pocket costs to you as a result of a **network provider's** failure to **precertify** services. Refer to the *Understanding Precertification* section for more information on the **precertification** process and what to do if your request for **precertification** is denied.
- Except for your **prescription drug** expenses, you will not have to submit medical claims for treatment received from network health care professionals and facilities. Your **network provider** will take care of claim submission. **Aetna** will directly pay the **network provider** or facility less any cost sharing required by you. You will be responsible for **deductibles, payment percentage** and **copayments**, if any.
- You may be required to pay some **network providers** at the time of service. When you pay a **network provider** directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from **Aetna**. You must submit a completed claim form and proof of payment to **Aetna**. Refer to the *General Provisions* section of this Booklet for a complete description of how to file a claim under this Plan.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards your **deductible, copayments, or payment percentage** or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Cost Sharing For Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.

When you or your eligible dependents become covered under this plan, you have access to a unique network of Primary Care Physicians, specialists and health care facilities. Cornell University and Aetna Life Insurance Company (Aetna) have joined forces to create an expanded network of health care providers. In many cases, you will receive the Plan's maximum level of coverage when you receive care from a participating Weill PPO Network provider. This type of providers is referred to as a Home Host Provider. If care is provided by a physician or facility in Aetna's network of providers, that care is also covered, but your copayment will be higher. Read your Schedule of Benefits carefully to understand the cost sharing charges applicable to you.

- **Network providers** have agreed to accept the **negotiated charge**. **Aetna** will reimburse you for a **covered expense**, incurred from a **network provider**, up to the **negotiated charge** and the maximum benefits under this Plan, less any cost sharing required by you such as **deductibles**, **copayments** and **payment percentage**. Your **payment percentage** is based on the **negotiated charge**. You will not have to pay any balance bills above the **negotiated charge** for that covered service or supply.
- You must satisfy any applicable **deductibles** before the plan will begin to pay benefits.
- **Deductibles** and **payment percentage** are usually lower when you use **network providers** than when you use **out-of-network providers**.
- For certain types of services and supplies, you will be responsible for any **copayments** shown in your *Schedule of Benefits*. The **copayments** will vary depending upon the type of service and whether you obtain covered health care services from a provider who is a **specialist** or non-**specialist**. You will be subject to the **PCP copayments** shown on the *Schedule of Benefits* when you obtain covered health care services from any **PCP** who is a **network provider**. If the provider is a **network specialist**, then the **specialist copayment** will apply.
- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limit** applicable to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limits for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limits**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the benefit maximums shown in the *What the Plan Covers* section or the *Schedule of Benefits*. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* section or the *Schedule of Benefits*.
- You may be billed for any **deductible**, **copayment**, or **payment percentage** amounts, or any non-covered expenses that you incur.

- **Accessing Out-of-Network Providers and Benefits and Out-of-Country Care**
- Certain health care services such as hospitalization, outpatient surgery and certain other outpatient services, require **precertification** with **Aetna** to verify coverage for these services. When you receive services from an **out-of-network provider**, you are responsible for obtaining the necessary **precertification** from **Aetna**. Your provider may **precertify** the services for you. However, you should verify with **Aetna** prior to the service, that the provider has obtained **precertification** from **Aetna**. If the service is not **precertified**, the benefit payable may be significantly reduced or may not be covered. This means you will be responsible for the unpaid balance of any bills. You must call the **precertification** toll-free number on your ID card to **precertify** services. Refer to the *Understanding Precertification* section for more information on the **precertification** process and what to do if your request for **precertification** is denied.
- When you use **out-of-network providers**, you may have to pay for services at the time they are rendered. You may be required to pay the full charges and submit a claim form to **Aetna** for reimbursement. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** that you paid directly to an **out-of-network provider**.

- When you pay an **out-of-network provider** directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from **Aetna**. You must submit a completed claim form and proof of payment to **Aetna**. Refer to the *General Provisions* section of this Booklet for a complete description of how to file a claim under this plan.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards any **deductible**, or **payment percentage** amounts or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Out-of-Country Care

Medically necessary care provided outside of the United States is covered at the Aetna In-Network Benefit. As with other **out-of-network providers**, you may need to pay for services at the time they are rendered. You may be required to pay the full charges and submit a claim form to **Aetna** for reimbursement.

Important Note

Failure to **precertify** services and supplies will result in a reduction of benefits or no coverage for the services or supplies under this Booklet. Please refer to the *Understanding Precertification* section for information on how to request **precertification**.

Cost Sharing for Out-of-Network Benefits

You share in the cost of your benefits. **Cost Sharing** amounts and provisions are described in the *Schedule of Benefits*.

- **Out-of-network providers** have not agreed to accept the **negotiated charge**. **Aetna** will reimburse you for a **covered expense**, incurred from an **out-of network provider**, up to the **recognized charge** and the maximum benefits under this Plan, less any cost-sharing required by you such as **deductibles** and **payment percentage**. The **recognized charge** is the maximum amount **Aetna** will pay for a **covered expense** from an **out-of-network provider**. Your **payment percentage** is based on the **recognized charge**. If your **out-of-network provider** charges more than the **recognized charge**, you will be responsible for any expenses incurred above the **recognized charge**. Except for emergency services, **Aetna** will only pay up to the **recognized charge**.
- You must satisfy any applicable **deductibles** before the plan begins to pay benefits.
- **Deductibles** and **payment percentage** are usually higher when you use **out-of network providers** than when you use **network providers**.
- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limits** that apply to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limits for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limit**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the benefit maximums shown in the *What the Plan Covers* section or the *Schedule of Benefits*. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* section or the *Schedule of Benefits*.

Understanding Precertification

Precertification

Certain services, such as inpatient **stays**, certain tests, procedures and **outpatient surgery** require **precertification** by **Aetna**. **Precertification** is a process that helps you and your **physician** determine whether the services being recommended are **covered expenses** under the plan. It also allows **Aetna** to help your provider coordinate your transition from an inpatient setting to an outpatient setting (called discharge planning), and to register you for specialized programs or case management when appropriate.

You do not need to **precertify** services provided by a **network provider**. **Network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there is no additional out-of-pocket cost to you as a result of a **network provider's** failure to **precertify** services.

When you go to an **out-of-network provider**, it is your responsibility to obtain **precertification** from **Aetna** for any services or supplies on the **precertification** list below.

Important Note

Please read the following sections in their entirety for important information on the **precertification** process, and any impact it may have on your coverage.

The Precertification Process

Prior to being **hospitalized** or receiving certain other medical services or supplies there are certain **precertification** procedures that must be followed.

You or a member of your family, a **hospital** staff member, or the attending **physician**, must notify **Aetna** to **precertify** the admission or medical services and expenses prior to receiving any of the services or supplies that require **precertification** pursuant to this Booklet in accordance with the following timelines:

Precertification should be secured within the timeframes specified below. To obtain **precertification**, call **Aetna** at the telephone number listed on your ID card. This call must be made:

For non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
For an emergency outpatient medical condition :	You or your physician should call prior to the outpatient care, treatment or procedure if possible; or as soon as reasonably possible.
For an emergency admission :	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
For an urgent admission :	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness ; the diagnosis of an illness ; or an injury .
For outpatient non-emergency medical services requiring precertification :	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

Aetna will provide a written notification to you and your **physician** of the **precertification** decision. If your **precertified** expenses are approved the approval is good for 60 days as long as you remain enrolled in the plan.

When you have an inpatient admission to a facility, **Aetna** will notify you, your **physician** and the facility about your **precertified** length of **stay**. If your **physician** recommends that your **stay** be extended, additional days will need to be certified. You, your **physician**, or the facility will need to call **Aetna** at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. **Aetna** will review and process the request for an extended **stay**. You and your **physician** will receive a notification of an approval or denial.

If **precertification** determines that the **stay** or services and supplies are not **covered expenses**, the notification will explain why and how **Aetna's** decision can be appealed. You or your provider may request a review of the **precertification** decision pursuant to the Claims and Appeals section included with this Booklet.

Services and Supplies Which Require Precertification

Precertification is required for the following types of medical expenses:

Inpatient and Outpatient Care

- Stays in a hospital;
- Stays in a skilled nursing facility;
- Stays in a rehabilitation facility;
- Stays in a hospice facility;
- Outpatient hospice care;
- Stays in a Residential Treatment Facility for treatment of mental disorders and substance abuse;
- Partial Hospitalization Programs for mental disorders and substance abuse;
- Home health care;
- Private duty nursing care;
- Intensive Outpatient Programs for mental disorders and substance abuse;
- Applied Behavioral Analysis;
- Neuropsychological testing;
- Outpatient detoxification;
- Psychiatric home care services;
- Psychological testing.

Pre-Determination (Pre-Service Request)

Although not required, you may also request a pre-determination. A pre-determination will help you and your physician determine whether the services being recommended are covered expenses under the plan. To obtain a pre-determination, call Aetna at the telephone number listed on your ID card

If Aetna determines that the services and supplies are not covered expenses, the notification will explain why and how Aetna's decision can be appealed. You or your provider may request a review of the precertification decision pursuant to the Claims and Appeals section included with this Booklet.

Emergency and Urgent Care

You have coverage 24 hours a day, 7 days a week, anywhere inside or outside the plan's service area, for:

- An emergency medical condition; or
- An urgent condition.

In Case of a Medical Emergency

When emergency care is necessary, please follow the guidelines below:

- Seek the nearest emergency room, or dial 911 or your local emergency response service for medical and ambulatory assistance. If possible, call your **physician** provided a delay would not be detrimental to your health.
- After assessing and stabilizing your condition, the emergency room should contact your **physician** to obtain your medical history to assist the emergency **physician** in your treatment.
- If you are admitted to an inpatient facility, notify your **physician** as soon as reasonably possible.

- If you seek care in an emergency room for a non-emergency condition, your benefits will be reduced. Please refer to the *Schedule of Benefits* for specific details about the plan. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the plan.

Coverage for Emergency Medical Conditions

Refer to **Coverage for Emergency Medical Conditions** in the *What the Plan Covers* section.

Important Reminder

If you visit a **hospital** emergency room for a non-emergency condition, the plan will pay a reduced benefit, as shown in the *Schedule of Benefits*. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the Plan.

In Case of an Urgent Condition

Call your **PCP** if you think you need urgent care. **Network providers** are required to provide urgent care coverage 24 hours a day, including weekends and holidays. You may contact any **physician** or **urgent care provider**, in- or out-of-network, for an **urgent care condition** if you cannot reach your **physician**.

If it is not feasible to contact your **physician**, please do so as soon as possible after urgent care is provided. If you need help finding an **urgent care provider** you may call Member Services at the toll-free number on your I.D. card, or you may access Aetna's online provider directory at www.aetna.com.

Coverage for an Urgent Condition

Refer to **Coverage for Urgent Medical Conditions** in the *What the Plan Covers* section.

Non-Urgent Care

If you seek care from an **urgent care provider** for a non-urgent condition (one that does not meet the criteria above), your benefits will be reduced unless otherwise specified under the Plan. Please refer to the *Schedule of Benefits* for specific plan details.

Important Reminder

If you visit an **urgent care provider** for a non-urgent condition, the plan will pay a reduced benefit, as shown in the *Schedule of Benefits*. No other plan benefits will pay for non-urgent care received at a hospital or an urgent care provider unless otherwise specified.

Follow-Up Care After Treatment of an Emergency or Urgent Medical Condition

Follow-up care is not considered an emergency or **urgent condition** and is not covered as part of any emergency or urgent care visit. Once you have been treated and discharged, you should contact your **physician** for any necessary follow-up care.

For coverage purposes, follow-up care is treated as any other expense for **illness** or **injury**. If you access a **hospital** emergency room for follow-up care, your expenses will not be covered and you will be responsible for the entire cost of your treatment. Refer to your *Schedule of Benefits* for cost sharing information applicable to your plan.

To keep your out-of-pocket costs lower, your follow-up care should be provided by a **physician**.

You may use an **out-of-network provider** for your follow-up care. You will be subject to the **deductible and payment percentage** that apply to out-of-network expenses, which may result in higher out-of-pocket costs to you.

Important Notice

Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should **not** be provided by an emergency room facility.

Requirements For Coverage

To be covered by the plan, services and supplies must meet all of the following requirements:

1. The service or supply must be covered by the plan. For a service or supply to be covered, it must:
 - Be included as a covered expense in this Booklet;
 - Not be an excluded expense under this Booklet. Refer to the *Exclusions* sections of this Booklet for a list of services and supplies that are excluded;
 - Not exceed the maximums and limitations outlined in this Booklet. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for information about certain expense limits; and
 - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet.
2. The service or supply must be provided while coverage is in effect. See the *Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends* and *Continuation of Coverage* sections for details on when coverage begins and ends.
3. The service or supply must be **medically necessary**. To meet this requirement, the medical services or supply must be provided by a **physician**, or other health care provider, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an **illness, injury**, disease or its symptoms. The provision of the service or supply must be:
 - (a) In accordance with generally accepted standards of medical practice;
 - (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's **illness, injury** or disease; and
 - (c) Not primarily for the convenience of the patient, **physician** or other health care provider;
 - (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's **illness, injury**, or disease.

For these purposes “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with **physician** specialty society recommendations and the views of **physicians** practicing in relevant clinical areas and any other relevant factors.

Important Note

Not every service or supply that fits the definition for **medical necessity** is covered by the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for the plan limits and maximums.

- Transitioning from a **hospital** or other inpatient facility, and the services are in lieu of a continued inpatient **stay**; or
- **Homebound**

Covered expenses include only the following:

- **Skilled nursing services** that require medical training of, and are provided by, a licensed nursing professional within the scope of his or her license. These services need to be provided during intermittent visits of 4 hours or less, with a daily maximum of 3 visits. Intermittent visits are considered periodic and recurring visits that skilled nurses make to ensure your proper care, which means they are not on site for more than four hours at a time. If you are discharged from a **hospital** or **skilled nursing facility** after an inpatient **stay**, the intermittent requirement may be waived to allow coverage for up to 12 hours (3 visits) of continuous **skilled nursing services**. However, these services must be provided for within 10 days of discharge.

 - The services provided are not primarily for comfort, convenience or custodial in nature.
 - The services are intermittent or hourly in nature.

Benefits for home health care visits are payable up to the Home Health Care Maximum. Each visit by a nurse, **behavioral health provider** or therapist is 1 visit.

In figuring the Calendar Year Maximum Visits, each visit of a:

- Nurse or Therapist, up to 4 hours is 1 visit and
- **behavioral health provider**, of up to 1 hour, is 1 visit.

This maximum will not apply to care given by an **R.N.** or **L.P.N.** when:

- Care is provided within 10 days of discharge from a **hospital** or **skilled nursing facility** as a full-time inpatient; and
- Care is needed to transition from the **hospital** or **skilled nursing facility** to home care.

When the above criteria are met, **covered expenses** include up to 12 hours of continuous care by an **R.N.** or **L.P.N.** per day.

Coverage for Home Health Care services is not determined by the availability of caregivers to perform them. The absence of a person to perform a non-skilled or **custodial care** service does not cause the service to become covered. If the covered person is a minor or an adult who is dependent upon others for non-skilled care (e.g. bathing, eating, toileting), coverage for home health services will only be provided during times when there is a family member or caregiver present in the home to meet the person's non-skilled needs.

Important Reminders

The plan does *not* cover **custodial care**, even if care is provided by a nursing professional, and family member or other caretakers cannot provide the necessary care.

Home health care needs to be **precertified** by **Aetna**. Refer to *How the Plan Works* for details about **precertification**.

Refer to the *Schedule of Benefits* for details about any applicable home health care visit maximums.

When Coverage Ends

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

When Coverage Ends for Employees

Your **Aetna** health benefits coverage will end if:

- The **Aetna** health benefits plan is discontinued;
- You voluntarily stop your coverage;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer;
- You have exhausted your overall maximum lifetime benefit under your health plan, if your plan contains such a maximum benefit; or
- Your employer notifies **Aetna** that your employment is ended.

It is your employer's responsibility to let **Aetna** know when your employment ends.

Unless you provide notification to Benefit Services that you would like to continue health coverage within 60 days of the event, your current coverage will end on the last day of the pay period in which you received your last paycheck.

Continuing Coverage: Faculty and staff and/or their eligible family members may continue medical coverage should one of the following situations occur (provided that coverage is in effect on the date that event occurs):

Family or Medical Leave

Death or total disability

Divorce or legal separation

Layoff of a covered employee

Retirement prior to eligibility for Medicare

Veteran called to active duty

University leave

Family Medical Leave: Family Medical Leave entitles eligible faculty and staff to unpaid time away from work up to a total of 12 weeks. This is in accordance with the Family and Medical Leave Act (FMLA) of 1993. Be sure to contact the Division of Human Resources at Cornell University or review the Human Resource Policy.

You may continue your existing health insurance coverage during FML, provided you continue to pay for the employee share of premiums. If you are taking a FML without pay, (and not using accrued sick or vacation) you will be billed by PayFlex Direct Billing Unit. If you decide to terminate your health insurance coverage either at the start or during your FML, when you return from the leave, you have the right to have your health insurance reinstated on the same terms as prior to the leave.

Spouse, Domestic Partner and Dependent Coverage After Your Death. In the event that an active employee covered under an active endowed health plan dies, the coverage continues to the end of the month for eligible dependents covered at the time of the active employee's death. Eligible dependents will continue coverage under the Retiree Pre-Medicare Health Plan (RPHP). If a retiree dies, and is covered under the RPHP Plan, the surviving spouse, domestic partner, and any current or future eligible covered dependent children may continue the health plan until the surviving spouse remarries or the domestic partner enters a new domestic partnership, and/or the dependent children no longer qualify under the program's definitions. Coverage is effective the first of the month following the date of death. If the date of death is the first day of the month, then the coverage is effective as of that day.

The applicable University contribution will continue, and the surviving spouse or domestic partner will be billed by Aetna's Retiree Service Center for any required employee or retiree contribution.

Total Disability. A covered faculty or staff member who qualifies for long-term disability benefits can continue the coverage in effect at the time the disability occurs until the period of the disability ends. The University contribution will continue during the period of the approved disability leave and the faculty or staff member will be billed for any required contribution. If you become eligible for coverage under Medicare, you are no longer eligible to remain in the Plan. You and your eligible dependents will be **enrolled in the Aetna Retiree 80/20 Plan**. Aetna will send you an enrollment guide with information to review the Aetna Retiree 80/20 Plan and the Aetna Medicare Advantage Plan. Even though you will be enrolled in the Aetna Retiree 80/20 Plan, you will have the opportunity to change from the Retiree 80/20 Plan to the Aetna Medicare Advantage Plan within 90 days of becoming Medicare Primary. You and your Medicare eligible dependents will be **required** to enroll in Medicare Parts A & B. Medicare becomes the primary payer and Aetna secondary. **It is your responsibility to enroll in Medicare Parts A & B. Failure to enroll when first eligible may result in financial penalties imposed by Social Security.** If your dependents are not yet Medicare eligible, Aetna will enroll them in the Retiree Pre-Medicare Health Plan (RPHP). You can call Aetna's Retiree Service Center 1-800-338-4533 for more details.

Divorce or Legal Separation. If you and your spouse decide to divorce or you and your domestic partner decide to terminate the domestic partnership, you (and any eligible dependents) can continue coverage. However, your ex-spouse/domestic partner will no longer be eligible to continue coverage under your plan but may be eligible to enroll in COBRA continuation coverage administered by PayFlex. You will need to call Cornell University's Benefit Services at 607-255-3936 within 60 days of the divorce or termination of the domestic partnership, to complete an enrollment form and remove the dependent from coverage. In addition, you will need to include a copy of the divorce decree (front and back page only) as proof. Domestic Partners are required to complete a Termination of Domestic Partnership form.

If you and your spouse decide to legally separate, you can continue coverage for you, your legally separated spouse and any eligible dependents, or you can choose to cancel coverage for your legally separated spouse and dependents. If you do, they may be eligible to enroll in COBRA continuation coverage administered by PayFlex. You will need to call Cornell University's Benefit Services at 607-255-3936 within 60 days of the legal separation to complete an enrollment form and remove the dependent(s) from coverage. In addition, you will need to include a copy of the separation agreement (front and back page only) as proof.

Coverage During Layoff. Faculty or staff members who are no longer working because of a layoff or reduction in work force will continue to receive the University contribution toward the cost of health coverage for up to 12 months provided they enroll in COBRA continuation coverage administered by PayFlex. If COBRA coverage is elected, you will be billed monthly by PayFlex for the employee portion of the cost of your health plan. At the end of 12 months, you will be billed at the full COBRA rate for the remaining six months for a total of 18 months of continuation coverage. Note: Individuals on a Layoff Status are no longer considered in a "current employment status" by the Social Security Administration. Therefore, to avoid late enrollment penalties, you (and your

dependents) if Medicare eligible due to age or disability, are responsible for contacting Social Security to enroll in both Medicare Parts A & B timely. Contact Social Security if you have questions.

Turning 65 During the Layoff Period

If you turn 65 during the initial 12 months of Layoff, Cornell permits you (and your Medicare eligible dependents) to continue primary coverage under the Plan up to the initial 12 months at the employee rate. Once the initial 12 months is up, you will be billed at the full COBRA rate for the remaining 6 months (Medicare becomes primary and Aetna secondary for you and your Medicare eligible dependents) for a total of 18 months of COBRA coverage. You (and your Medicare eligible dependents) are responsible for contacting Social Security to enroll in both Medicare Parts A & B. The Social Security Administration does impose penalties for late enrollments. Note: Individuals on a Layoff Status are no longer considered in a “current employment status” by Social Security. Therefore, to avoid late enrollment penalties, you (and your dependents) if Medicare eligible due to age or disability are responsible for contacting Social Security to enroll in both Medicare Parts A & B timely. Contact Social Security if you have questions.

If you become eligible for Medicare after the first 12 months of Layoff, you will be billed at the full COBRA rate for the remaining 6 months (Medicare is primary, Aetna secondary) for a total of 18 months of COBRA coverage. Note: Individuals on a Layoff Status are no longer considered in a “current employment status” by Social Security. Therefore, to avoid late enrollment penalties, you (and your dependents) if Medicare eligible due to age or disability are responsible for contacting Social Security to enroll in both Medicare Parts A & B prior to your Layoff. Contact Social Security if you have questions.

Age 65 or Medicare Eligible at Start of Layoff Period

If you are already eligible for Medicare when you enroll in COBRA, you and your Medicare eligible dependents will continue primary coverage (Medicare secondary) in this plan for the first 12 months at the employee rate. You will be billed at the full COBRA rate for the remaining 6 months (Medicare becomes primary and Aetna secondary) for a total of 18 months of COBRA coverage. Note: Individuals on a Layoff Status are no longer considered in a “current employment status” by Social Security. Therefore, to avoid late enrollment penalties, you (and your dependents) if Medicare eligible due to age or disability are responsible for contacting Social Security to enroll in both Medicare Parts A & B prior to your Layoff. Contact Social Security if you have questions.

Coverage Upon Retirement.

The Aetna Retiree Service Center handles the enrollment, billing and administration. Aetna’s Retiree Service Center can be reached at 1-800-338-4533 if you have questions.

Your coverage can be continued into retirement if you are at least age 55 when you retire, and have at least 10 years of benefit eligible service. If you are enrolled in an endowed health plan prior to retirement, your current active coverage will continue to the end of the month (unless your retirement date is the first day of the month, then it is effective that date). If you are under 65 and otherwise not Medicare eligible, Aetna will automatically enroll you in the RPHP Plan effective the first of the month following your retirement date (unless your retirement date is the first of the month, then, it is effective that date). If you are not enrolled at the time of retirement, Aetna will send an Enrollment Guide providing you limited opportunity to enroll. If you cancel the Health Plan at any time, you (and your dependents) will not be allowed to re-enroll at a later date.

If you are not yet 65 when you retire and are, therefore, not eligible for Medicare, you have the opportunity to continue coverage under the RPHP Plan. Upon attainment of age 65, you and your Medicare eligible dependents will automatically be transferred to Aetna Retiree 80/20 Plan, and you must enroll in Medicare Parts A&B. This also applies to your dependents, if Medicare eligible. If you or your enrolled dependents fail to enroll in Medicare, then the Plan will take Medicare’s benefit into consideration, and the portion Medicare would have paid will be your responsibility. Medicare may impose a penalty if you fail to enroll when first eligible, subjecting you to financial penalties. (It is your responsibility to contact Social Security and understand the consequences of failing to enroll in accordance with their rules).

If you are not yet 65 when you retire but your enrolled spouse (and your dependents) are over 65 and also retired or otherwise qualify for Medicare primary coverage, he or she must enroll in Medicare Parts A&B. They will

automatically be enrolled by Aetna in the Aetna Retiree 80/20 Plan the first of the month in which you retired. If you are not yet 65 when you retire but your domestic partner is over 65 he or she must enroll in Medicare Parts A&B regardless of status. If your spouse or domestic partner fail to enroll, then the Plan will take Medicare's benefit into consideration, and the portion Medicare would have paid will be your responsibility. Medicare may impose a penalty for late enrollments. (It is your responsibility to contact Social Security and understand the consequences of failing to enroll in accordance with their rules).

If you are 65 or older when you retire and eligible for Medicare, you and your covered Medicare eligible dependents will receive coverage under the Retiree 80/20 Plan. This coverage is described in a separate plan summary booklet that is available upon request from Benefit Services at Cornell University, 395 Pine Tree Road, Ithaca, NY 14850, or call (607) 255-3936. It is also available on the Benefits website: <https://hr.cornell.edu/>.

Coverage During University Leave. Staff members who voluntarily resign their positions and are granted a University leave are eligible to continue this Plan under COBRA.

When Coverage Ends for Dependents

Coverage for your dependents will end if:

- You are no longer eligible for dependents' coverage;
- You do not make your contribution for the cost of dependents' coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends* for Employees. (This does not apply if you use up your overall lifetime maximum, if included);
- Your dependent is no longer eligible for coverage. Coverage ends at the end of the pay period when your dependent does not meet the plan's definition of a dependent. For dependent children, the end of the year in which they turn age 26; or
- As permitted under applicable federal and state law, your dependent becomes eligible for like benefits under this or any other group plan offered by your employer.

In addition, a "domestic partner" will no longer be considered to be a defined dependent on the earlier to occur of:

- The date this plan no longer allows coverage for domestic partners.
- The date of termination of the domestic partnership.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after they reach any limiting age. See *Continuation of Coverage* for more information.

Continuation of Coverage

Continuing Health Care Benefits

Handicapped Dependent Children

Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child. However, such coverage may not be continued if the child has been issued an individual medical conversion policy.

Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to **Aetna** no later than 60 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the handicap. **Aetna** also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

COBRA Continuation of Coverage

If your employer is subject to COBRA requirements, the health plan continuation is governed by the Federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requirements. With COBRA you and your dependents can continue health coverage, subject to certain conditions and your payment of contributions. Continuation rights are available following a “qualifying event” that would cause you or family members to otherwise lose coverage. Qualifying events are listed in this section.

Continuing Coverage through COBRA

When you or your covered dependents become eligible, PayFlex Direct Billing Unit will provide you with detailed information on continuing your health coverage through COBRA.

You or your dependents will need to:

- Complete and submit an application for continued health coverage, which is an election notice of your intent to continue coverage.
- Submit your application within 60 days of the qualifying event, or within 60 days of your PayFlex Direct Billing Unit’s notice of this COBRA continuation right, if later.
- Agree to pay the required contributions.

Who Qualifies for COBRA

You have 60 days from the qualifying event to elect COBRA. If you do not submit an application within 60 days, you will forfeit your COBRA continuation rights.

Below you will find the qualifying events and a summary of the maximum coverage periods according to COBRA requirements.

Qualifying Event Causing Loss of Health Coverage	Covered Persons Eligible to Elect Continuation	Maximum Continuation Periods
Your active employment ends for reasons other than gross misconduct	You and your dependents	18 months
Your working hours are reduced	You and your dependents	18 months
You divorce or legally separate and are no longer responsible for dependent coverage	Your dependents	36 months
You become entitled to benefits under Medicare	Your dependents	36 months
Your covered dependent children no longer qualify as dependents under the plan	Your dependent children	36 months
You die	Your dependents	36 months
You are a retiree eligible for health coverage and your former employer files for bankruptcy	You and your dependents	18 months

Disability May Increase Maximum Continuation to 29 Months

If You or Your Covered Dependents Are Disabled

If you or your covered dependent qualify for disability status under Title II or XVI of the Social Security Act during the 18 month continuation period, you or your covered dependent:

- Have the right to extend coverage beyond the initial 18 month maximum continuation period.
- Qualify for an additional 11 month period, subject to the overall COBRA conditions.
- Must notify PayFlex Direct Billing at 800-429-9514 within 60 days of the disability determination status and before the 18 month continuation period ends.
- Must notify PayFlex Direct Billing at 800-429-9514 within 30 days after the date of any final determination that you or a covered dependent is no longer disabled.
- Are responsible to pay the contributions after the 18th month, through the 29th month.

If There Are Multiple Qualifying Events

A covered dependent could qualify for an extension of the 18 or 29 month continuation period by meeting the requirements of another qualifying event, such as divorce or death. The total continuation period, however, can never exceed 36 months.

Determining Your Contributions For Continuation Coverage

Your contributions are regulated by law, based on the following:

- For the 18 or 36 month periods, contributions may never exceed 102 percent of the plan costs.
- During the 18 through 29 month period, contributions for coverage during an extended disability period may never exceed 150 percent of the plan costs.

When You Acquire a Dependent During a Continuation Period

If through birth, adoption or marriage, you acquire a new dependent during the continuation period, your dependent can be added to the health plan for the remainder of the continuation period if:

- He or she meets the definition of an eligible dependent,
- PayFlex Direct Billing is notified about your dependent within 31 days of eligibility, and
- Additional contributions for continuation are paid on a timely basis.

Important Note

For more information about dependent eligibility, see the *Eligibility, Enrollment and Effective Date* section.

When Your COBRA Continuation Coverage Ends

Your COBRA coverage will end when the first of the following events occurs:

- You or your covered dependents reach the maximum COBRA continuation period – the end of the 18, 29 or 36 months. (Coverage for a newly acquired dependent who has been added for the balance of a continuation period would end at the same time your continuation period ends, if he or she is not disabled nor eligible for an extended maximum).
- You or your covered dependents do not pay required contributions.
- You or your covered dependents become covered under another group plan that does not restrict coverage for preexisting conditions. If your new plan limits preexisting condition coverage, the continuation coverage under this plan may remain in effect until the preexisting clause ceases to apply or the maximum continuation period is reached under this plan.
- The date your employer no longer offers a group health plan.
- The date you or a covered dependent becomes enrolled in benefits under Medicare. This does not apply if it is contrary to the Medicare Secondary Payer Rules or other federal law.
- You or your dependent dies.

Important Note

A Conversion Policy is not offered.

Coordination of Benefits - What Happens When There is More Than One Health Plan

When Coordination of Benefits Applies

Getting Started - Important Terms

Which Plan Pays First

How Coordination of Benefits Works

When Coordination of Benefits Applies

This Coordination of Benefits (COB) provision applies to This Plan when you or your covered dependent has health coverage under more than one plan. “Plan” and “This Plan” are defined herein. The Order of Benefit Determination Rules below determines which plan will pay as the primary plan. The primary plan pays first without regard to the possibility that another plan may cover some expenses. A secondary plan pays after the primary plan and may reduce the benefits it pays so that payments from all group plans do not exceed 100% of the total allowable expense.

Getting Started - Important Terms

When used in this provision, the following words and phrases have the meaning explained herein.

Allowable Expense means a health care service or expense, including, coinsurance and **copayments** and without reduction of any applicable **deductible**, that is covered at least in part by any of the Plans covering the person. When a Plan provides benefits in the form of services (for example an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense. The following are examples of expenses and services that are not allowable expenses:

1. If a covered person is confined in a private **hospital** room, the difference between the cost of a semi-private room in the **hospital** and the private room is not an allowable expense. This does not apply if one of the Plans provides coverage for a private room.
2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of reasonable or recognized charges, any amount in excess of the highest of the reasonable or recognized charges for a specific benefit is not an allowable expense.
3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated charges, an amount in excess of the highest of the negotiated charges is not an allowable expense.
4. The amount a benefit is reduced or not reimbursed by the primary Plan because a covered person does not comply with the Plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, precertification of admissions, and preferred provider arrangements.
5. If all Plans covering a person are high deductible Plans and the person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high deductible Plan’s deductible is not an allowable expense, except as to any health expense that may not be subject to the deductible as described in section 223(c)(2)(C) of the Internal Revenue Code of 1986.

If a person is covered by one Plan that computes its benefit payments on the basis of reasonable or recognized charges and another Plan that provides its benefits or services on the basis of negotiated charges, the primary plan’s

payment arrangements shall be the allowable expense for all the Plans. However, if the secondary plan has a negotiated fee or payment amount different from the primary plan and if the provider contract permits, that negotiated fee will be the allowable expense used by the secondary plan to determine benefits.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered shall be deemed an allowable expense and a benefit paid.

Closed Panel Plan(s). A plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial Parent. A parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Plan. Any Plan providing benefits or services by reason of health care or treatment, which benefits or services are provided by one of the following:

- Group or nongroup, blanket, or franchise health insurance policies issued by insurers, including health care service contractors;
- Other prepaid coverage under service Plan contracts, or under group or individual practice;
- Uninsured arrangements of group or group-type coverage;
- Labor-management trustee Plans, labor organization plans, employer organization Plans, or employee benefit organization Plans;
- Medical benefits coverage in a group, group-type, and individual automobile “no-fault” and traditional automobile “fault” type contracts;
- Medicare or other governmental benefits;
- Other group-type contracts. Group type contracts are those which are not available to the general public and can be obtained and maintained only because membership in or connection with a particular organization or group.

If the Plan includes medical, prescription drug, dental, vision and hearing coverage, those coverages will be considered separate plans. For example, Medical coverage will be coordinated with other Medical plans, and dental coverage will be coordinated with other dental plans.

This Plan is any part of the contract that provides benefits for health care expenses.

Primary Plan/Secondary Plan. The order of benefit determination rules state whether This Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

When This Plan is a primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan’s benefits.

When This Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan’s benefits.

When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.

Which Plan Pays First

When two or more **plans** pay benefits, the rules for determining the order of payment are as follows:

- The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.
- A plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to

supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan **hospital** and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

- A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.
- The first of the following rules that describes which plan pays its benefits before another plan is the rule to use:
 1. **Non-Dependent or Dependent.** The plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the plan that covers the person as a dependent is secondary. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, subscriber or retiree is secondary and the other plan is primary.
 2. **Child Covered Under More than One Plan.** The order of benefits when a child is covered by more than one **plan** is:
 - A. The primary plan is the plan of the parent whose birthday is earlier in the year if:
 - i. The parents are married or living together whether or not married;
 - ii. A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage or if the decree states that both parents are responsible for health coverage. If both parents have the same birthday, the plan that covered either of the parents longer is primary.
 - B. If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health coverage for the dependent child's health care expenses, but that parent's spouse does, the plan of the parent's spouse is the primary plan.
 - C. If the parents are separated or divorced or are not living together whether or not they have ever been married and there is no court decree allocating responsibility for health coverage, the order of benefits is:
 - The plan of the **custodial parent**;
 - The plan of the spouse of the **custodial parent**;
 - The plan of the **noncustodial parent**; and then
 - The plan of the spouse of the **noncustodial parent**.

For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits should be determined as outlined above as if the individuals were the parents.

3. **Active Employee or Retired or Laid off Employee.** The plan that covers a person as an employee who is neither laid off nor retired or as a dependent of an active employee, is the primary plan. The plan covering that same person as a retired or laid off employee or as a dependent of a retired or laid off employee is the secondary plan. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.
4. **Continuation Coverage.** If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree (or as that person's dependent) is primary, and the continuation coverage is secondary. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this

rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.

5. Longer or Shorter Length of Coverage. The plan that covered the person as an employee, member, subscriber longer is primary.
6. If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of plan under this provision. In addition, this plan will not pay more than it would have paid had it been primary.

How Coordination of Benefits Works

In determining the amount to be paid when this plan is secondary on a claim, the secondary plan will calculate the benefits that it would have paid on the claim in the absence of other health insurance coverage and apply that amount to any allowable expense under this plan that was unpaid by the primary plan. The amount will be reduced so that when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed 100 percent of the total allowable expense.

In addition, a secondary plan will credit to its plan deductible any amounts that would have been credited in the absence of other coverage.

Under the COB provision of this plan, the amount normally reimbursed for covered benefits or expenses under this plan is reduced to take into account payments made by other plans. The general rule is that the benefits otherwise payable under this plan for all covered benefits or expenses will be reduced by all other plan benefits payable for those expenses. When the COB rules of this plan and another plan both agree that this plan determines its benefits before such other plan, the benefits of the other plan will be ignored in applying the general rule above to the claim involved. Such reduced amount will be charged against any applicable benefit limit of this coverage.

If a covered person is enrolled in two or more closed panel plans COB generally does not occur with respect to the use of panel providers. However, COB may occur if a person receives emergency services that would have been covered by both plans.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits under this plan and other plans. **Aetna** has the right to release or obtain any information and make or recover any payments it considers necessary in order to administer this provision.

Facility of Payment

Any payment made under another plan may include an amount, which should have been paid under this plan. If so, **Aetna** may pay that amount to the organization, which made that payment. That amount will then be treated as though it were a benefit paid under this plan. **Aetna** will not have to pay that amount again. The term “payment made” means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by **Aetna** is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

When You Have Medicare Coverage

Effect of Medicare

Effect of Medicare

Health Expense Coverage will be changed for any person while eligible for Medicare.

A person is "eligible for Medicare" if he or she:

- is covered under it;
- is not covered under it because of:
 - having refused it;
 - having dropped it;
 - having failed to make proper request for it.

These are the changes:

- All health expenses covered under this Plan will be reduced by any Medicare benefits available for those expenses. This will be done before the health benefits of this Plan are figured.
- Charges used to satisfy a person's Part B deductible under Medicare will be applied under this Plan in the order received by **Aetna**. Two or more charges received at the same time will be applied starting with the largest first.
- Medicare benefits will be taken into account for any person while he or she is eligible for Medicare. This will be done whether or not he or she is entitled to Medicare benefits.
- Any rule for coordinating "other plan" benefits with those under this Plan will be applied after this Plan's benefits have been figured under the above rules. Allowable Expenses will be reduced by any Medicare benefits available for those expenses.

Coverage will not be changed at any time when your Employer's compliance with federal law requires this Plan's benefits for a person to be figured before benefits are figured under Medicare.

General Provisions

Type of Coverage

Coverage under the plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Additional Provisions

The following additional provisions apply to your coverage:

- This Booklet applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. If you have any questions about the terms of the plan or about the proper payment of benefits, contact your employer or **Aetna**.
- Sutter Health and Affiliates, the dominant health system in much of northern California, uses its bargaining power to insist on unique requirements to participate in the Aetna network. Aetna's contract with Sutter requires payment of claims that would otherwise be denied, such as those not medically necessary or experimental or investigational (but does not require payment for services the Plan expressly excludes from coverage, such as for cosmetic surgery). Aetna will charge the Plan for these claims in order to be able to continue providing Plan Participants with access to Sutter's services on an in-network basis.
- The plan may be changed or discontinued with respect to your coverage.

Financial Sanctions Exclusions

If any benefit provided by this plan violates or will violate any economic or trade sanctions, the coverage is immediately considered invalid. For example, Aetna companies cannot make payments for health care or other claims or services if it violates a financial sanction regulation. This includes sanctions related to a blocked person or a country under sanction by the United States, unless permitted under a valid written Office of Foreign Assets Control (OFAC) license. For more information, visit <http://www.treasury.gov/resource-center/sanctions/Pages/default.aspx>.

Assignments

Coverage and your rights under this plan may not be assigned. A direction to pay a provider is not an assignment of any right under this plan or of any legal or equitable right to institute any court proceeding.

Misstatements

Aetna's failure to implement or insist upon compliance with any provision of this plan at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times.

Fraudulent misstatements in connection with any claim or application for coverage may result in termination of all coverage under this plan.

Rescission of Coverage

Aetna may rescind your coverage if you, or the person seeking coverage on your behalf:

- Performs an act, practice or omission that constitutes fraud; or
- Makes an intentional misrepresentation of material fact.

You will be given 30 days advance written notice of any rescission of coverage.

As to medical and prescription drug coverage only, you have the right to an internal Appeal with **Aetna** and/or the right to a third party review conducted by an independent External Review Organization if your coverage under this Booklet is rescinded retroactive to its Effective Date.

Subrogation and Right of Recovery Provision

The provisions of this section apply to all current or former plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the plan. The plan's right to recover (whether by subrogation or reimbursement) shall apply to the personal representative of your estate, your decedents, minors, and incompetent or disabled persons. "You" or "your" includes anyone on whose behalf the plan pays benefits. No adult covered person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the plan.

The plan's right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to you due to an **injury, illness** or condition for which the plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers' compensation coverage, no-fault automobile coverage or any first party insurance coverage).

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan's subrogation and reimbursement interest are fully satisfied.

Subrogation

The right of subrogation means the plan is entitled to pursue any claims that you may have in order to recover the benefits paid by the plan. Immediately upon paying or providing any benefit under the plan, the plan shall be subrogated to (stand in the place of) all rights of recovery with respect to any claim or potential claim against any party, due to an **injury, illness** or condition to the full extent of benefits provided or to be provided by the plan. The plan may assert a claim or file suit in your name and take appropriate action to assert its subrogation claim, with or without your consent. The plan is not required to pay you part of any recovery it may obtain, even if it files suit in your name.

Reimbursement

If you receive any payment as a result of an **injury, illness** or condition, you agree to reimburse the plan first from such payment for all amounts the plan has paid and will pay as a result of that **injury, illness** or condition, up to and including the full amount of your recovery.

Constructive Trust

By accepting benefits (whether the payment of such benefits is made to you or made on your behalf to any provider) you agree that if you receive any payment as a result of an **injury, illness** or condition, you will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the plan. No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan's subrogation and reimbursement interest are fully satisfied.

Lien Rights

Further, the plan will automatically have a lien to the extent of benefits paid by the plan for the treatment of the **illness, injury** or condition upon any recovery whether by settlement, judgment, or otherwise, related to treatment for any **illness, injury** or condition for which the plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the plan including, but not limited to, you, your representative or agent, and/or any other source that possessed or will possess funds representing the amount of benefits paid by the plan.

Assignment

In order to secure the plan's recovery rights, you agree to assign to the plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the plan's subrogation and reimbursement claims. This assignment allows the plan to pursue any claim you may have, whether or not you choose to pursue the claim.

First-Priority Claim

By accepting benefits from the plan, you acknowledge that the plan's recovery rights are a first priority claim and are to be repaid to the plan before you receive any recovery for your damages. The plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the plan will result in a recovery which is insufficient to make you whole or to compensate you in part or in whole for the damages sustained. The plan is not required to participate in or pay your court costs or attorney fees to any attorney you hire to pursue your damage claim.

Applicability to All Settlements and Judgments

The terms of this entire subrogation and right of recovery provision shall apply and the plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The plan is entitled to recover from *any and all* settlements or judgments, even those designated as pain and suffering, non-economic damages, and/or general damages only. The plan's claim will not be reduced due to your own negligence.

Cooperation

You agree to cooperate fully with the plan's efforts to recover benefits paid. It is your duty to notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your **injury, illness** or condition. You and your agents agree to provide the plan or its representatives notice of any recovery you or your agents obtain prior to receipt of such recovery funds or within 5 days if no notice was given prior to receipt. Further, you and your agents agree to provide notice prior to any disbursement of settlement or any other recovery funds obtained. You and your agents shall provide all information requested by the plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the plan may reasonably request and all documents related to or filed in person injury litigation. Failure to provide this information, failure to assist the plan in pursuit of its subrogation rights, or failure to reimburse the plan from any settlement or recovery you receive may result in the denial of any future benefit payments or claim until the plan is reimbursed in full, termination of your health benefits or the institution of court proceedings against you.

You shall do nothing to prejudice the plan's subrogation or recovery interest or to prejudice the plan's ability to enforce the terms of this plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the plan or disbursement of any settlement proceeds or other recovery prior to fully satisfying the health plan's subrogation and reimbursement interest.

You acknowledge that the plan has the right to conduct an investigation regarding the **injury, illness** or condition to identify potential sources of recovery. The plan reserves the right to notify all parties and his/ her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge that the plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq.*, to share your personal health information in exercising its subrogation and reimbursement rights.

Interpretation

In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction

By accepting benefits from the plan, you agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the plan may elect. By accepting such benefits, you hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of your present or future domicile. By accepting such benefits, you also agree to pay all attorneys' fees the plan incurs in successful attempts to recover amounts the plan is entitled to under this section.

Workers' Compensation

If benefits are paid under the **Aetna** medical benefits plan and **Aetna** determines you received Workers' Compensation benefits for the same incident, **Aetna** has the right to recover as described under the *Subrogation and Right of Reimbursement* provision. **Aetna**, on behalf of the Plan, will exercise its right to recover against you.

The Recovery Rights will be applied even though:

- The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that bodily **injury** or **illness** was sustained in the course of or resulted from your employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by you or the Workers' Compensation carrier; or
- The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by this **Aetna** medical benefits plan, you will notify **Aetna** of any Workers' Compensation claim you make, and that you agree to reimburse **Aetna**, on behalf of the Plan, as described above.

If benefits are paid under this **Aetna** medical benefits plan, and you or your covered dependent recover from a responsible party by settlement, judgment or otherwise, **Aetna**, on behalf of the Plan, has a right to recover from you or your covered dependent an amount equal to the amount the Plan paid.

Recovery of Overpayments

Health Coverage

If a benefit payment is made by the Plan, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery the Plan may have with respect to such overpayment.

Reporting of Claims

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 2 years after the deadline.

Payment of Benefits

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, **Aetna** has the right to pay any health benefits to the service provider. This will be done unless you have told **Aetna** otherwise by the time you file the claim.

The Plan may pay up to \$1,000 of any other benefit to any of your relatives whom it believes fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release.

When a **PCP** provides care for you or a covered dependent, or care is provided by a **network provider (network services or supplies)**, the **network provider** will take care of filing claims. However, when you seek care on your own (**out-of-network services and supplies**), you are responsible for filing your own claims.

Records of Expenses

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of **physicians, dentists** and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Contacting Aetna

If you have questions, comments or concerns about your benefits or coverage, or if you are required to submit information to **Aetna**, you may contact **Aetna's** Home Office at:

Aetna Life Insurance Company
151 Farmington Avenue
Hartford, CT 06156

You may also use **Aetna's** toll free Member Services phone number on your ID card or visit **Aetna's** web site at www.aetna.com.

Effect of Benefits Under Other Plans

Effect of An Health Maintenance Organization Plan (HMO Plan) On Coverage

If you are in an eligible class and have chosen coverage under an HMO Plan offered by your employer, you will be excluded from medical expense coverage (except Vision Care), if any, on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan, you can choose to change to coverage for yourself and your covered dependents under this plan. If you:

- Live in an HMO Plan enrollment area and choose to change coverage during an open enrollment period, coverage will take effect on the group contract anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change coverage when there is not an open enrollment period, coverage will take effect only if and when **Aetna** gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change coverage within 31 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 31 days, coverage will take effect only if and when **Aetna** gives its written consent.

Any extensions of benefits under this plan for disability or pregnancy will not always apply on and after the date of a change to an HMO Plan providing medical coverage. They will apply only if the person is not covered at once under the HMO Plan because he or she is in a **hospital** not affiliated with the HMO. If you give evidence that the HMO Plan provides an extension of benefits for disability or pregnancy, coverage under this plan will be extended. The extension will be for the same length of time and for the same conditions as the HMO Plan provides. It will not be longer than the first to occur of:

- The end of a 90 day period; and
- The date the person is not confined.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

Discount Programs

Discount Arrangements

From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, **dentists**, alternative medicine, wellness and healthy living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to **Aetna** in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

Incentives

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your **physician** or other service providers, we may, from time to time, offer to waive or reduce a member's **copayment, payment percentage**, and/or a **deductible** otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.

Claims, Appeals and External Review

Filing Health Claims under the Plan

Under the Plan, you may file claims for Plan benefits and appeal adverse claim determinations. Any reference to "you" in this Claims, Appeals and External Review section includes you and your Authorized Representative. An "Authorized Representative" is a person you authorize, in writing, to act on your behalf. The Plan will also recognize a court order giving a person authority to submit claims on your behalf. In the case of an urgent care claim, a health care professional with knowledge of your condition may always act as your Authorized Representative.

If your claim is denied in whole or in part, you will receive a written notice of the denial from Aetna Life Insurance Company (Aetna). The notice will explain the reason for the denial and the appeal procedures available under the Plan.

Urgent Care Claims

An "Urgent Care Claim" is any claim for medical care or treatment for which the application of the time periods for making non-urgent care determinations could seriously jeopardize your life or health or your ability to regain maximum function, or, in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

If the Plan requires advance approval of a service, supply or procedure before a benefit will be payable, and if Aetna or your physician determines that it is an Urgent Care Claim, you will be notified of the decision, whether adverse or not, as soon as possible but not later than 72 hours after the claim is received.

If there is not sufficient information to decide the claim, you will be notified of the information necessary to complete the claim as soon as possible, but not later than 24 hours after receipt of the claim. You will be given a reasonable additional amount of time, but not less than 48 hours, to provide the information, and you will be notified of the decision not later than 48 hours after the end of that additional time period (or after receipt of the information, if earlier).

Other Claims (Pre-Service and Post-Service)

If the Plan requires you to obtain advance approval of a non-urgent service, supply or procedure before a benefit will be payable, a request for advance approval is considered a pre-service claim. You will be notified of the decision not later than 15 days after receipt of the pre-service claim.

For other claims (post-service claims), you will be notified of the decision not later than 30 days after receipt of the claim.

For either a pre-service or a post-service claim, these time periods may be extended up to an additional 15 days due to circumstances outside Aetna's control. In that case, you will be notified of the extension before the end of the initial 15 or 30-day period. For example, they may be extended because you have not submitted sufficient information, in which case you will be notified of the specific information necessary and given an additional period of at least 45 days

after receiving the notice to furnish that information. You will be notified of Aetna's claim decision no later than 15 days after the end of that additional period (or after receipt of the information, if earlier).

For pre-service claims which name a specific claimant, medical condition, and service or supply for which approval is requested, and which are submitted to an Aetna representative responsible for handling benefit matters, but which otherwise fail to follow the Plan's procedures for filing pre-service claims, you will be notified of the failure within 5 days (within 24 hours in the case of an urgent care claim) and of the proper procedures to be followed. The notice may be oral unless you request written notification.

Ongoing Course of Treatment

If you have received pre-authorization for an ongoing course of treatment, you will be notified in advance if the previously authorized course of treatment is intended to be terminated or reduced so that you will have an opportunity to appeal any decision to Aetna and receive a decision on that appeal before the termination or reduction takes effect. If the course of treatment involves urgent care, and you request an extension of the course of treatment at least 24 hours before its expiration, you will be notified of the decision within 24 hours after receipt of the request.

Health Claims – Standard Appeals

As an individual enrolled in the Plan, you have the right to file an appeal from an Adverse Benefit Determination relating to service(s) you have received or could have received from your health care provider under the Plan.

An "Adverse Benefit Determination" is defined as a denial, reduction, termination of, or failure to, provide or make payment (in whole or in part) for a service, supply or benefit. Such Adverse Benefit Determination may be based on:

- Your eligibility for coverage, including a retrospective termination of coverage (whether or not there is an adverse effect on any particular benefit);
- Coverage determinations, including plan limitations or exclusions;
- The results of any Utilization Review activities;
- A decision that the service or supply is **experimental or investigational**; or
- A decision that the service or supply is not **medically necessary**.

A "Final Internal Adverse Benefit Determination" is defined as an Adverse Benefit Determination that has been upheld by the appropriate named fiduciary (Aetna) at the completion of the internal appeals process, or an Adverse Benefit Determination for which the internal appeals process has been exhausted.

Exhaustion of Internal Appeals Process

Generally, you are required to complete all appeal processes of the Plan before being able to obtain External Review or bring an action in litigation. However, if Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under applicable federal law, you are considered to have exhausted the Plan's appeal requirements ("Deemed Exhaustion") and may proceed with External Review or may pursue any available remedies under §502(a) of ERISA or under state law, as applicable.

There is an exception to the Deemed Exhaustion rule. Your claim or internal appeal may not go straight to External Review if:

- A rule violation was minor and is not likely to influence a decision or harm you; and
- It was for a good cause or was beyond Aetna's or the Plan's or its designee's control; and
- It was part of an ongoing good faith exchange between you and Aetna or the Plan.

This exception is not available if the rule violation is part of a pattern or practice of violations by Aetna or the Plan.

You may request a written explanation of the violation from the Plan or Aetna, and the Plan or Aetna must provide such explanation within 10 days, including a specific description of its bases, if any, for asserting that the violation should not cause the internal claims and appeals process to be deemed exhausted. If an External Reviewer or a court rejects your request for immediate review on the basis that the plan met the standards for the exception, you have the right to resubmit and pursue the internal appeal of the claim. In such a case, within a reasonable time after the External Reviewer or court rejects the claim for immediate review (not to exceed 10 days), you will receive notice of

the opportunity to resubmit and pursue the internal appeal of the claim. Time periods for re-filing the claim shall begin to run upon your receipt of such notice.

Full and Fair Review of Claim Determinations and Appeals

Aetna will provide you, free of charge, with any new or additional evidence considered, relied upon, or generated by Aetna (or at the direction of Aetna), or any new or additional rationale as soon as possible and sufficiently in advance of the date on which the notice of Final Internal Adverse Benefit Determination is provided, to give you a reasonable opportunity to respond prior to that date.

You may file an appeal in writing to Aetna at the address provided in this booklet, or, if your appeal is of an urgent nature, you may call Aetna's Member Services Unit at the toll-free phone number on your ID card. Your request should include the group name (that is, your employer), your name, member ID, or other identifying information shown on the front of the Explanation of Benefits form, and any other comments, documents, records and other information you would like to have considered, whether or not submitted in connection with the initial claim.

An Aetna representative may call you or your health care provider to obtain medical records and/or other pertinent information in order to respond to your appeal.

You will have 180 days following receipt of an Adverse Benefit Determination to appeal the determination to Aetna. You will be notified of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received. You may submit written comments, documents, records and other information relating to your claim, whether or not the comments, documents, records or other information were submitted in connection with the initial claim. A copy of the specific rule, guideline or protocol relied upon in the Adverse Benefit Determination will be provided free of charge upon request by you or your Authorized Representative. You may also request that Aetna provide you, free of charge, copies of all documents, records and other information relevant to the claim.

If your claim involves urgent care, an expedited appeal may be initiated by a telephone call to the phone number included in your denial, or to Aetna's Member Services. Aetna's Member Services telephone number is on your Identification Card. You or your Authorized Representative may appeal urgent care claim denials either orally or in writing. All necessary information, including the appeal decision, will be communicated between you or your Authorized Representative and Aetna by telephone, facsimile, or other similar method. You will be notified of the decision not later than 36 hours after the appeal is received.

If you are dissatisfied with the appeal decision on an urgent care claim, you may file a second level appeal with Aetna. You will be notified of the decision not later than 36 hours after the appeal is received.

If you are dissatisfied with a pre-service or post-service appeal decision, you may file a second level appeal with Aetna within 60 days of receipt of the level one appeal decision. Aetna will notify you of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received.

If you do not agree with the Final Internal Adverse Benefit Determination on review, you have the right to bring a civil action under Section 502(a) of ERISA, if applicable.

Health Claims – Voluntary Appeals

External Review

“External Review” is a review of an eligible Adverse Benefit Determination or a Final Internal Adverse Benefit Determination by an Independent Review Organization/External Review Organization (ERO) or by the State Insurance Commissioner, if applicable.

A “Final External Review Decision” is a determination by an ERO at the conclusion of an External Review.

You must complete all of the levels of standard appeal described above before you can request External Review, other than in a case of Deemed Exhaustion. Subject to verification procedures that the Plan may establish, your Authorized Representative may act on your behalf in filing and pursuing this voluntary appeal.

You may file a voluntary appeal for External Review of any Adverse Benefit Determination or any Final Internal Adverse Benefit Determination that qualifies as set forth below.

The notice of Adverse Benefit Determination or Final Internal Adverse Benefit Determination that you receive from Aetna will describe the process to follow if you wish to pursue an External Review, and will include a copy of the *Request for External Review Form*.

You must submit the *Request for External Review Form* to Aetna within 123 calendar days of the date you received the Adverse Benefit Determination or Final Internal Adverse Benefit Determination notice. If the last filing date would fall on a Saturday, Sunday or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday or Federal holiday. You also must include a copy of the notice and all other pertinent information that supports your request.

If you file a voluntary appeal, any applicable statute of limitations will be tolled while the appeal is pending. The filing of a claim will have no effect on your rights to any other benefits under the Plan. However, the appeal is voluntary and you are not required to undertake it before pursuing legal action.

If you choose not to file for voluntary review, the Plan will not assert that you have failed to exhaust your administrative remedies because of that choice.

Request for External Review

The External Review process under this Plan gives you the opportunity to receive review of an Adverse Benefit Determination (including a Final Internal Adverse Benefit Determination) conducted pursuant to applicable law. Your request will be eligible for External Review if the claim decision involves medical judgment and the following are satisfied:

- Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under federal law (except for minor violations); or
- the standard levels of appeal have been exhausted; or
- the appeal relates to a rescission, defined as a cancellation or discontinuance of coverage which has retroactive effect.

An Adverse Benefit Determination based upon your eligibility is not eligible for External Review.

If upon the final standard level of appeal, the coverage denial is upheld and it is determined that you are eligible for External Review, you will be informed in writing of the steps necessary to request an External Review.

An independent review organization refers the case for review by a neutral, independent clinical reviewer with appropriate expertise in the area in question. The decision of the independent external expert reviewer is binding on you, Aetna and the Plan unless otherwise allowed by law.

Preliminary Review

Within 5 business days following the date of receipt of the request, Aetna must provide a preliminary review determining: you were covered under the Plan at the time the service was requested or provided, the determination does not relate to eligibility, you have exhausted the internal appeals process (unless Deemed Exhaustion applies), and you have provided all paperwork necessary to complete the External Review and you are eligible for external review.

Within one business day after completion of the preliminary review, Aetna must issue to you a notification in writing. If the request is complete but not eligible for External Review, such notification will include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification will describe the information or materials needed to

make the request complete and Aetna must allow you to perfect the request for External Review within the 123 calendar days filing period or within the 48 hour period following the receipt of the notification, whichever is later.

Referral to ERO

Aetna will assign an ERO accredited as required under federal law, to conduct the External Review. The assigned ERO will timely notify you in writing of the request's eligibility and acceptance for External Review, and will provide an opportunity for you to submit in writing within 10 business days following the date of receipt, additional information that the ERO must consider when conducting the External Review. Within one (1) business day after making the decision, the ERO must notify you, Aetna and the Plan.

The ERO will review all of the information and documents timely received. In reaching a decision, the assigned ERO will review the claim and not be bound by any decisions or conclusions reached during the Plan's internal claims and appeals process. In addition to the documents and information provided, the assigned ERO, to the extent the information or documents are available and the ERO considers them appropriate, will consider the following in reaching a decision:

- (i) Your medical records;
- (ii) The attending health care professional's recommendation;
- (iii) Reports from appropriate health care professionals and other documents submitted by the Plan or issuer, you, or your treating provider;
- (iv) The terms of your Plan to ensure that the ERO's decision is not contrary to the terms of the Plan, unless the terms are inconsistent with applicable law;
- (v) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;
- (vi) Any applicable clinical review criteria developed and used by Aetna, unless the criteria are inconsistent with the terms of the Plan or with applicable law; and
- (vii) The opinion of the ERO's clinical reviewer or reviewers after considering the information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.

The assigned ERO must provide written notice of the Final External Review Decision within 45 days after the ERO receives the request for the External Review. The ERO must deliver the notice of Final External Review Decision to you, Aetna and the Plan.

After a Final External Review Decision, the ERO must maintain records of all claims and notices associated with the External Review process for six years. An ERO must make such records available for examination by the claimant, Plan, or State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws.

Upon receipt of a notice of a Final External Review Decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Plan immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

Expedited External Review

The Plan must allow you to request an expedited External Review at the time you receive:

- (a) An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition for which the timeframe for completion of an expedited internal appeal would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or
- (b) A Final Internal Adverse Benefit Determination, if you have a medical condition where the timeframe for completion of a standard External Review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but have not been discharged from a facility.

Immediately upon receipt of the request for expedited External Review, Aetna will determine whether the request meets the reviewability requirements set forth above for standard External Review. Aetna must immediately send you a notice of its eligibility determination.

Referral of Expedited Review to ERO

Upon a determination that a request is eligible for External Review following preliminary review, Aetna will assign an ERO. The ERO shall render a decision as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the ERO receives the request for an expedited External Review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned ERO must provide written confirmation of the decision to you, Aetna and the Plan.

R

Recognized Charge

The amount of an **out-of-network provider's** charge that is eligible for coverage. You are responsible for all amounts above the **recognized charge**. The **recognized charge** may be less than the provider's full charge.

In all cases, the **recognized charge** is determined based on the Geographic Area where you receive the service or supply.

Except as otherwise specified below, the **recognized charge** for each service or supply is the lesser of what the **provider** bills and:

- For professional services and for other services or supplies not mentioned below:
 - The reasonable amount rate
- For services of **hospitals** and other facilities:
 - The reasonable amount rate

The **recognized charge** is the **negotiated charge** for **providers** with whom we have a direct contract but are not **network providers** or, if there is no direct contract, with whom we have a contract through any third party that is not an affiliate of **Aetna**.

If your ID card displays the National Advantage Program (NAP) logo, the **recognized charge** is the rate we have negotiated with your NAP provider. Your out-of-network cost sharing applies when you get care from NAP **providers**, except for **emergency services**.

A NAP **provider** is a **provider** with whom we have a contract through any third party that is not an affiliate of **Aetna** or through the Coventry National or First Health Networks. However, a NAP **provider** listed in the NAP directory is not a **network provider**.

We have the right to apply **Aetna** reimbursement policies. Those policies may further reduce the **recognized charge**. These policies take into account factors such as:

- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided and
- The educational level, licensure or length of training of the **provider**

Aetna reimbursement policies are based on our review of:

- The Centers for Medicare and Medicaid Services' (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of medical and dental practice and
- The views of **physicians** and dentists practicing in the relevant clinical areas

We use commercial software to administer some of these policies. Some policies are different for professional services than for facility services.

Special terms used

FCR Rate, Geographic area, Medicare allowable rates, and Reasonable amount rate are defined as follows:

FCR Rate

The Facility Charge Review (FCR) Rate is an amount that we determine is enough to cover the **provider's** estimated costs for the service and leave the **provider** with a reasonable profit. For **hospitals** and other facilities which report costs (or cost-to-charge ratios) to CMS, the FCR Rate is based on what the facilities report to CMS. For facilities which do not report costs (or cost-to-charge ratios) to CMS, the FCR Rate is based on statewide averages of the facilities that do report to CMS. We may adjust the formula as needed to maintain the reasonableness of the **recognized charge**. For example, we may make an adjustment if we determine that in a particular state the charges of ambulatory surgery centers (or another class of facility) are much higher than charges of facilities that report costs (or cost-to-charge ratios) to CMS.

Geographic area

The Geographic area made up of the first three digits of the U.S. Postal Service zip codes. If we determine we need more data for a particular service or supply, we may base rates on a wider Geographic area such as an entire state.

Medicare allowable rates

Except as specified below, these are the rates CMS establishes for services and supplies provided to Medicare enrollees. We update our systems with these revised rates within 180 days of receiving them from CMS. If Medicare does not have a rate, we will determine the rate as follows:

- Use the same method CMS uses to set Medicare rates.
- Look at what other providers charge.
- Look at how much work it takes to perform a service.
- Look at other things as needed to decide what rate is reasonable for a particular service or supply.

Reasonable amount rate:

There is not a single “reasonable” amount. Your plan establishes the “reasonable” amounts as follows:

- For professional services:
 - The 80th percentile value reported in a database prepared by FAIR Health, a nonprofit company. FAIR Health changes these rates periodically. We update our systems with these changes within 180 days after receiving them from FAIR Health. If the FAIR Health database becomes unavailable, we reserve the right to substitute an alternative. If the alternative data source does not contain a value for a particular service or supply, we will base the **recognized charge** on the Medicare allowable rate.
- For inpatient and outpatient charges of **hospitals**:
 - The FCR rate.
- For inpatient and outpatient charges of facilities other than **hospitals**:
 - The FCR rate

ERISA Rights

As a participant in the group benefit plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974. ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the Plan, including insurance contracts, collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) that is filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts, collective bargaining agreements, and copies of the latest annual report (Form 5500 Series), and an updated Summary Plan Description. The Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Receive a copy of the procedures used by the Plan for determining a qualified domestic relations order (QDRO) or a qualified medical child support order (QMCSO).

Continue Group Health Plan Coverage

Continue health care coverage for yourself, your spouse, or your dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan for the rules governing your COBRA continuation coverage rights.

Reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another plan. You should be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the Plan, when you become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. Without evidence of creditable coverage, you may be subject to preexisting condition exclusion for 12 months after your enrollment date in your coverage under this Plan. Contact your Plan Administrator for assistance in obtaining a certificate of creditable coverage.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in your interest and that of other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan and do not receive them within 30 days you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay up to \$ 110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the status of a domestic relations order or a medical child support order, you may file suit in a federal court.

If it should happen that plan fiduciaries misuse the Plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your Plan, you should contact the Plan Administrator.

If you have any questions about this statement or about your rights under ERISA, you should contact:

- the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory; or
- the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington D.C. 20210.

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

IMPORTANT HEALTH CARE REFORM NOTICES

CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

Notice Regarding Women's Health and Cancer Rights Act

Under this health plan, as required by the Women's Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

- (2) surgery and reconstruction of the other breast to produce a symmetrical appearance;
- (3) prostheses; and
- (4) treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be determined by your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request FMLA leave, you must agree to make any contributions required by your Employer to continue coverage.

If any coverage your Employer allows you to continue has reduction rules applicable by reason of age or retirement, the coverage will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If this Plan provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under this Plan will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 60 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 60 days, coverage will again be effective under this Plan only if and when this Plan gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.

ABOUT THIS NOTICE

The Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) requires Cornell University, which operates self-funded health plans and a fully insured dental plan (collectively “the Health Plans”) for its employees, to maintain the privacy of protected health information and to provide individuals with notice of its privacy practices with respect to such Health Plans. This notice outlines your rights with respect to the use of your information.

As we work every day to operate your health plan, protecting the confidentiality of your personal medical information has always been an important priority. The Plan has adopted policies to safeguard the privacy of your medical information and comply with federal law (specifically, the Health Insurance Portability and Accountability Act, known as “HIPAA”).

If you are covered by an insured health option under the Plan, you may have or will also receive a separate notice from your insurer or HMO.

This Notice explains:

- What rights you have regarding this information.

How The Plan May Use Your Information

In order to manage your health plan effectively, Aetna Inc.; Ameritas, HealthNow; Payflex; OptumRx; Triple S and Aon Consulting (“the Health Plan Vendors”) are permitted by law to use and disclose your personal medical information (called “Protected Health Information”) in certain ways without your authorization:

For Treatment. So that you receive appropriate treatment and care, providers may use your Protected Health Information to coordinate or manage your health care services. The Health Plan Vendors may disclose your PHI to a health care provider who renders treatment on your behalf. For example, if you are unable to provide your medical history as the result of an accident, the Plan may advise an emergency room physician about the types of prescription drugs you currently take.

For Payment. To make sure that claims are paid accurately and you receive the correct benefits, the Health Plan Vendors may use and disclose your Protected Health Information to determine plan eligibility and responsibility for coverage and benefits. For example, we may use your information when we confer with other health plans to resolve a coordination of benefits issue. We may also use your Protected Health Information for utilization review activities.

For Health Care Operations. To ensure quality and efficient plan operations, the Health Plan Vendors may use your Protected Health Information in several ways, including plan administration, quality assessment and improvement, and vendor review. Your information could be used, for example, to assist in the evaluation of a vendor who supports us. The Health Plan Vendors or Providers also may contact you with appointment reminders or to provide information about treatment alternatives or other health-related benefits and services available under the Plan.

We may also disclose your Protected Health Information to Cornell University (the plan sponsor) in connection with these activities. If you are covered under an insured health plan, the insurer also may disclose Protected Health Information to the plan sponsor in connection with payment, treatment or health care operations.
