

OUR PROPOSAL: OWN CHANGE

WE'RE IN THE BUSINESS OF BUILDING TOMORROW

Partners in transformation

We help clients master a complex, always pivoting, reinvented world.

We bring the industry expertise and talent to keep you ahead of what's next. We serve over 6,000 clients, including 80% of the Fortune 500, across North America, Europe and Asia.

As an industry leader in Full-Stack Technology Services, Talent Services and real-world application, we work with progressive leaders to drive change.

That's the power of true partnership.

Partnership, the active ingredient

Transformation never plays solo

Helping you achieve your goals is our purpose. We're skilled listeners committed to a partnership with you. We work on your terms and in your best interest—adding real value to what you do and how you do it.

Results driven

We're all-in, fully engaged, high-energy partners. We're doers who focus on implementation and real-world results.

Expertise, amplified

We bring a wide range of industry-specific expertise. We're out in front of the tech trends that create fresh opportunities. Thought leaders with a roll-up-the-sleeves attitude.

Highly agile

Our partnership gives you a high degree of flexibility, generating the agility and power to move ahead of the pack. This isn't off the shelf—it's unique to you.

Collaboration, elaborated

We tune in. We want a rich understanding of your company, culture and objectives. Anticipating your needs and delivering solutions that best tackle your challenge. That's why partnership is the active ingredient.

Advisory Services

Our thought leaders understand your full technology stack and business DNA, and they identify opportunities and solutions to simplify the complex.

Engagement Services

Sometimes you don't need or want to own a project. You need a partner to pilot or take noncore functions off your hands without dropping the ball.

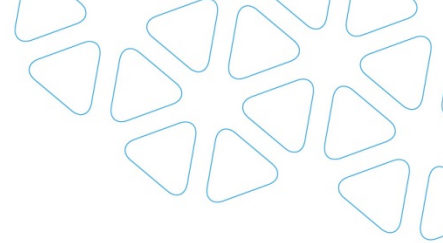

Co-Managed Services

Sometimes you need help but also want to stay in the driver's seat. The trick? A high-performance model so you can stay involved in project planning and execution.

Talent Services

With access to the deepest talent pool in North America—and the most practiced recruiting team—we'll help you secure the right people and expertise you need, when you need them.

Talent is our heritage

Largest provider of talent in North America

Market Analytics

Our hyper-local market insights help us keep tabs on who has the skills you're looking for, when they're available and how to attract them.

Customer Knowledge

Successful leaders need wise advisors, and we take that role seriously. We put in the time to learn your business accelerators, values, challenges, goals—then find candidates with razor-sharp skills and expertise to match.

Sourcing Strategy

We're not just networked; we stay connected to 81 percent of the domestic IT workforce. We source and retain the most sought-after and hard-to-find talent around the world.

Screening and Selection

Nothing is worse than making a bad hire. Our vetting process includes confirming both company culture and technical fit so we deliver a short list of qualified professionals who meet your requirements.

Relationship Management

With everything that goes into zeroing in on the right person, you want to keep them around. So do we. From regular check-ins to well-oiled project transitions, we invest in keeping your talent and teams intact.
